2015 ROANOKE CITY CHRISTMAS PARADE

This year's Roanoke City Christmas Parade was held on Friday, December 11th, 2015. With excess of one hundred entries, the Roanoke Valley Mustang Club had a nice turnout of participants for the event. With wonderful weather and a fairly warm night, the parade was enjoyable for all! With a total of eight cars, RVMC was represented in a festive way with a variety of styles and colors! Thank you to everyone who came out to participate and help in making it an enjoyable evening!

A variety of Mustangs were part of the RVMC participation in the Roanoke City Parade.

Lights and Bows!

DID YOU KNOW???

When the Ford Mustang was released, there was no such thing as a "pony car." But once Ford's sporty automobile was introduced, a new class was born. Dubbed the "pony car" with reverence to the Mustang's equine roots, this class of sporty coupes have long hoods and short rear decks. These vehicles are typically affordable, compact, and highly styled with an image that reflects performance.

Since its debut in 1964, the Ford Mustang has continued to be in production, which is unlike other close competitors like the Chevrolet Camaro, Dodge Charger and Pontiac Firebird. In 2004, Ford produced the Mustang GT convertible 40th anniversary edition: the 300 millionth car to be produced by the manufacturer.
